

COMPLETE ACCESS CONTROL FOR

Fitness Studios

Find new customers with customizable 24/7 access

Easily manage and customize 24/7 access with powerful scheduling features. Reduce your staffing needs during late hours while still having the ability to grant or revoke facility access in seconds from your smartphone or laptop.

Easily import your customer database.

Improve facility security and accountability.

Review your gym access history and audit who had access when and where. Quickly revoke access in the case of misuse, lack of payment or membership cancellations. Provide staff and members with unique credentials that can be customized door-by-door. Even provide temporary access for guests, deliveries and maintenance.

Managed from a single dashboard - It's that easy.
