

# KeyinCloud

## Welcome to complete multi-family access.

With industry-leading brands like Mercury, HID, Yale, and August and KeyinCloud's universal access control platform, you can take control of your properties with customized solutions for each and every door. Design a complete access solution with the top selection of smart locks and hardwired access control systems, then centralize your management of all hardware from one scalable, easy-to-use platform that can integrate with the essential software you're already using.

**Kiss Keys Goodbye:** Never deal with the nightmare of managing mechanical keys again. Don't waste another dime or minute handing off keys and rekeying doors.

**Manage Access with Ease:** No matter your staff size, make easy-to-use access control a central element of your business operations.

**Safeguard Your Future:** Invest in a platform that is constantly adapting to a changing world by integrating with the latest hardware and software on the market.

**Grow Fearlessly:** From a small office to a world-wide network of facilities, KeyinCloud is designed to scale with your business as it grows.

**Tracking and Reporting:** Knowing what's happening on your property at all times is priceless. Enjoy complete visibility into all comings-and-goings, track access history, and generate reports for consistent monitoring.

## Key Benefits

- ✓ **Secure every door.**  
Manage access for any type of door, including main entrances, interior offices, elevators, garages, narrow glass doors and more.
- ✓ **Use leading brands.**  
Combine wired access control systems like Mercury Security and HID with smart locks from Yale and August.
- ✓ **Manage any type of access.**  
Take complete control of who has access to your property. Manage access schedules for employees, maintenance, and even visiting guests and clients.
- ✓ **All in one place.** KeyinCloud's centralized, easy-to-use dashboard puts everything in one place and can be integrated with your favorite business software.

## Design your complete access control solution.

From common areas and residential doors to service rooms, we have you covered — even when it comes to those hard-to-secure entries like elevators and parking garages. Choose from customized hardwired or smart lock solutions below, then control them all from wherever you are with KeyinCloud universal access control.
